TROOPS FOR INVADERS

They Will be Reinforced as Speedily as Possible.

SHAFTER WILL HAVE ALL HE CAN EFFECTUALLY USE.

Washington, June 23—Special—After Santiago shall have fallen and Cervera's fleet shall have been destroyed or captured, the government will be in a position to consider the peace propositions which are about to be made on behalf of Spain. There is, however, no disposition to abate in the least the original demand of this government—the absolute independence of Cuba from Spanish rule. To this will probably be added the cession of San Juan to be used as a coaling station and a port in the Philippine for the same purpose.

Dangers of Ambush.

Washington, June 23—Special—A battle that will decide the fate of Santiago and Admiral Cervera's fleet is expected to take place in the course of a day or two. There has been a rapid concentration of Spanish troops in the vicinity during the last few days. The fact that the landing of Gen. Shafter into the belief that he will make an easy capture. Extraordinary precautions are being taken to avoid surprise or ambush. The Spaniards do not fight in the open if they can avoid it, and therefore the Americans are on their guard. A corps of Cuban scouts will take the advance in the forward movement in order that they may uncover the enemy's places of concealment before the main body of troops shall be attacked.

A Risky Undertaking.

New York, June 23—Special—The removal of the mines in Guantanamo bay confirms the statement in these dispatches some time ago that this port is to be made a base of supplies for the invading army. The work of destroying the explosives was exceedingly hazardous, and required both skill and daring. It again shows that the American soldiers are ready for any undertaking, no matter what the risk. A single miscalculation of the brave men who did the work would have blown them all to atoms, but they cheerfully went about the task set them and carried it to completion without accident of any kind. Guantanamo is now regarded as almost as good as captive to the American arms.

Overtures to Insurgents.

Kingston, Jamaica, June 23—Special—The Spanish government in Cuba continues to make advances to the insurgent leaders. Pando offered Gomez large sums of money if he would join the Spanish army. The lieutenant general of the Spanish reserves in Havana states officially that Gomez would consent if he were placed in command of ten thousand men to go and fight the Yankees.

Abandon the Colonies.

Paris, June 22—Special—A Madrid dispatch says a leading conservative politician declares peace is absolutely necessary. He says the colonial empire is irretrievably lost, and urges that in anticipation of disturbance the government ought to disband and disarm the colonial army.

Angusti's Family.

Madrid, June 23—Special—The government confirms the statement that Captain General Angusti's family is in the hands of the Philippine insurgents.

Next Week Will Settle It

Washington, June 23—Special—Secretary Long says Santiago should be in possession of the American forces by the first of next week.

The Insurgents In Manila.

London, June 23—Special—A cablegram from Manila says the insurgents have captured all but the inner city of Manila.

Danger In Madrid.

Madrid, June 23—Special—The republicans threaten to make a demonstration if the cortes is closed.

MASONIC MEMBERS VISIT LINE CITY

TWENTY-FIVE BANQUETED AT BELOIT.

The Beloit Members of the Masonic Order Do Nothing by Halves—Local Delegation Highly Pleased—A Pleasant Event Given by Ladies' Local Masonic Lodge Last Evening

Members of the local Masonic lodge were right royally entertained last evening in Beloit by their brethren. The local lodges received invitations several days ago to visit the Line City lodge and was not long before a reply was made notifying them to prepare to receive a fair sized delegation from the lower city.

By the overland and train route twenty-five Masons left Janesville last evening and were soon receiving a hearty welcome from the receiving committee who left nothing undone that would add comfort to the visiting delegates.

Royally Entertained.

At Masonic hall all was in readiness for the conferring of the third degree, and the Janesville delegation lost no time in entering into the spirit of the occasion. Following the work of the order came a banquet that had been prepared by the Beloit members of the Eastern Star, and such a repast was fit for a king. The ladies had left nothing undone, and the tables were loaded down with all the delicacies of the season.

The local delegation returned home a tired, but happy lot, at an early hour this morning. Those who made the trip were:

Geo. J. Davis,
Geo. E. Tanberg,
J. W. Clark,
L. S. Dudley,
G. H. Errede,
Wm. Silverthorn,
E. T. Fish,

Local Chapter Celebrate.

Members of the local chapter of Eastern Star No. 69, gave a most fitting celebration last evening in Masonic hall in honor of their third anniversary. The hall was decorated for the occasion, and presented a handsome and inviting appearance. A musical and literary program was given which included the singing of patriotic songs, which were entered into with a spirit that plainly showed that the Eastern Star ladies are most enthusiastic supporters of the national cause. A banquet that proved an attractive feature was in order, and was fully up to and keeping with Eastern Star spreads, which is all that need be said. The affair was a decided success and reflects much credit on the ladies who had it in charge.

A LUNCHEON AND CARD PARTY

Two Delightful Entertainments by Ladies This Afternoon

Mrs. F. E. Green entertained a number of lady friends at her South Main street home at a charming 1 o'clock luncheon. The tables were tastefully trimmed and nothing in the way of tempting eatables was lacking. Following the luncheon games were indulged in and the function was a decided success.

Mrs. E. P. Doty was the hostess this afternoon at her Forest Park home at the meeting of the Ladies' Afternoon club who turned out in full force in spite of the threatening weather.

STRIKERS ARE RIOTOUS

Oshkosh Mill Men Resort to Violence.—The Sheriff Called Upon For Aid.

Oshkosh, June 23—[Special]—Serious trouble is feared here as the result of the strike among the mill men. Riots were of frequent occurrence this morning, and several men were injured. The mill owners were not allowed to enter their own places of business, the strikers taking hold of things to suit themselves. Owing to the State militia being away the sheriff was called upon to organize a strong posse and quell the disturbance. This has been done, and now trouble of a more serious nature is looked for, although at the present time quiet has been restored.

STAMPS WILL BE READY

War Revenue Stamps Will Be Issued Before the Law Goes Into Effect.

Washington, June 23—[Special]—It is officially stated that the stamps required by the war revenue bill will positively be ready by July 1, when the law goes into effect.

John Nichols, of No. 5 Milton avenue, was taken suddenly ill today, and Dr. James Mills, who was called, found him failing rapidly. In spite of the fact that he is eighty-nine years of age he only gave up his chosen profession—that of a lawyer—last year.

SHAFTER IS HEARD FROM

Confirms the Report of His Landing at Baiquiri.

ONLY ONE CUBAN HURT BY THE BURSTING OF A CANNON.

Washington, June 23—Special—The war department this afternoon received a report from Shafter saying all the troops have been landed without anybody being hurt except a Cuban who was injured by the bursting of an American shell, the Spanish making no resistance. Shafter is now engaged in landing siege guns, horses, and heavy supplies. He reports that there are about five thousand Cubans around Santiago.

Washington, June 23—Special—No news has been received from Santiago this morning. So far as known the debarkation proceeded without serious molestation, although the troops of the enemy are known to be gathering for an attack not far away. Without doubt a movement will be made soon to the westward of the hills surrounding Santiago harbor where the enemy's fleet is located. Probably further news of the landing of the troops will be received today.

Garcia says he will have ten thousand men available after capture of Santiago.

Shafter's Plans.

Chicago, June 23—Special—A dispatch to a local paper says shortly after midnight Shafter's entire army had landed at Baiquiri. Launches from the Marblehead and Dolphin continue to remove mines from Caimanera channel. It will now be possible to steal into the inner harbor and capture the Spanish gunboats bidden there. There is no longer any doubt that the cable cut by the St. Louis yesterday is the last line connecting Cuba with the outside world. Shafter's plan is said to be to surround Santiago bay, cut off all retreat to interior, and capture the whole military and naval outfit.

More Troops For Shafter.

Washington, June 23—Special—Now that Shafter has effected a landing in Cuba large accessions to the invading army will be hurried forward. It is the intention to give the commander all the men he can effectively use and to make short work of the war. A large detachment left Hampton Roads last night, and others will start from Tampa and Jacksonville as soon as transports now on the way to those points can be loaded. All of the troops now at those points will be in Cuba within a week. No difficulty is anticipated in landing them, as the Americans already on shore can keep the Spaniards who might seek to stop the debarkation in check.

Acts On His Own Discretion.

Washington, June 23—Special—There is much satisfaction here over the announcement that Gen. Shafter has received no definite orders as to his plan of campaign, but will be permitted to conduct it as circumstances and his judgment dictate. This will leave him unhampered, and enable him to take advantage of the situation as it may present itself. Exigencies are likely to arise at any moment which would render adherence to orders issued at Washington fatal to success. The general may find himself environed with complication that could not be foreseen, and he will have to exercise his own discretion. There is every confidence among those who know the intrepid commander that he will prove himself capable in any situation.

To Hold the Philippines.

Washington, June 23—Special—The views of Chauncey M. Depew on the subject of American occupation of the Philippine Islands, reported from London last night, are causing much comment here. The general opinion among officials is that Mr. Depew is right, and that the United States cannot surrender the islands to another power without jeopardizing our own interests and safety. No opinion as to the plan to be adopted is expressed, as that is a matter too far in the future to require discussion. The sentiment is unanimous, however, that the advantage gained by the United States in the far east must not be thrown away.

Miles May Go.

WILL NOT ACCEPT OAK LAWN HOSPITAL

CITY COUNCIL REJECTS DIRECTORS' PROPOSITION.

Mayor Urges That the Institution Be Maintained—Contract for Grading South William Street Awarded—Improvements Ordered in Various Parts of the City.

The common council met in special session last evening. Mayor Thoroughgood in the chair and all aldermen being present except Alderman Gilkey.

The Mayor Explains.

The mayor, in calling to order, said:

GENTLEMEN OF THE COUNCIL: I have called this special meeting for general business. There are some matters that it is imperative to close up, one of which is to get our verdict concerning Oak Lawn hospital. To commence with, I will tell you. At a meeting of the directors of the hospital a proposition was made to offer the premises to the city. This proposition was not made by myself, but it once fell in line with it and thought it a good thing to do. As the hospital is fully equipped, together with the beautiful grounds to pass into the city's hands for such a nominal price was a chance rarely met with and no argument to the contrary will change my opinion on the subject. I am well aware of the opposition in some quarters to the acceptance of the hospital by the city, and the principal sources from which it comes. There is an apparent determination to wipe out this beautiful property, together with its furnishings and endowments so kindly given by charitable citizens, and although so freely given that Janesville should have a permanent emergency home when needed. There are about 150 persons who have stock in the institutions and who paid amounts from \$10 to \$50 each. Almost all of these are among our best citizens and tax payers. These people are willing to turn the hospital and its contents over to the city for a very nominal price, and are still further willing to bear their share of the small expense to the city without complaint.

A few days ago, I read a lengthy article in the Janesville Daily Recorder concerning the hospital and its probable increase in city taxes in my judgment a poor excuse. Another item which seemed an insult to the mayor when the statement was made—that he was placed at the head of the hospital management so it could become city property.

Now, gentlemen of the council, I am not the mayor of this city for any other purpose than for its good. I am not here to squander the city's money, nor am I adverse to paying my share of taxes in maintaining Oak Lawn hospital. The question has been raised that the city could not legally donate any funds for its support. That is true. The mayor was opposed to any further donation on these grounds. But I want to say there have been many things done by the city government that are equally illegal. On this point, however, there seems to be great fear of doing wrong. The indebtedness, less the mortgage, for current expense of the hospital today can all be paid with \$300 including interest on the mortgage. It is now more than two years since the common council, under Mayor Balch's administration, donated \$500 to its use and today shows only a current debt of \$300 after so long a time. This shows that the institution absorbs but a small amount for its maintenance.

Now, gentlemen, I have no more interest in this matter than the members of this council or any other citizen. I do not ask you to take hold of these premises, nor do I care what you do in the matter, but as a citizen and out of kindly feeling toward the endowers of Oak Lawn hospital I feel it to be lack of public spirit and Christian charity to allow the institution to lapse through the influence of a handful of men and largely for personal reasons. I will close by saying, take this under consideration in your committee, make your report thereon, adversely if you think best, but close up the matter and allow Oak Lawn hospital to be a thing of the past, a circumstance desired only by a few, and some of those few were at one time the figure heads and prime movers of the charity hospital.

THE HOSPITAL MATTER

Ald. Burnham, from the judiciary committee, to whom had been referred the proposition of Oak Lawn hospital, said the committee had held several consultations and had decided to report adversely to accepting the proposition. He moved that the report of the committee be adopted. The motion was adopted, all voting aye except Ald. Palmer.

Street Improvements.

Alderman Carpenter introduced an order providing that that part of East street from South Second street to Oakland avenue, and that part of South Third street from Wisconsin street to Jackson street be graded; that sealed proposals for the performance of the work be acted upon at a meeting to be held July 5, at 8 o'clock, the work to be completed within six weeks from said date. Adopted.

Alderman Burnham moved that the mayor sign an agreement between Hamilton Richardson and V. P. Richardson and the city of Janesville holding the Richardson free from harm by the putting in of the storm sewer across Peace court. Adopted.

Minor Business.

The ordinance to change the boundaries of the Second and Third wards was lost.

On motion of Ald. McLean Mrs. Amanda Skelly was given permission to use a portion of South Jackson street for storing building material during the erection of a building.

Ald. Sonnett introduced an order directing the street commissioner to put in a ten-inch tile culvert on Wall street, on the west side of Washington street. Adopted.

YOUNG PEOPLE ENTERTAIN.

St. Mary's Sodality Give a Lawn Social—Epworth League Gathering.

The annual lawn social of the Young Ladies' Sodality of St. Mary's church was given last evening upon the lawn in the rear of the church. The attendance was large, and refreshments were served, and there was music by the Imperial band during the entire evening. The boys gave a very fine concert program and it was thoroughly enjoyed. The grounds where the social was held presented a very attractive appearance, being flooded with light from a myriad of Chinese lanterns and two locomotive headlights.

There was a joint social of the Court Street M. E. and First M. E. church Epworth Leagues at Court Street M. E. church last night. There was a short program consisting of a piano duet by Misses Eva Crawford and Alice Clithero, a cornet solo by Miss Leona B. Stevens, and recitations by Misses Eva Groen and Alice Crawford. The balance of the evening was spent in games, and light refreshments were served.

TO BENEFIT CHICAGO BABIES

Novel Entertainment Given at the Jail Yesterday.

A novel and worthy entertainment was given yesterday afternoon in the large barn in the rear of the Rock county jail. Misses Nina Acheson, Helen Saghrus and Annie De Forest had the affair in charge, which proved to be a three act drama that was given for the fresh air fund in Chicago. On an elevated stage the young misses each carried out their part well, and at three cents each the sum of \$1.05 was realized.

Between acts, Willie Denver, a ninety-day prisoner, amused those present by executing a Turkish skirt dance. He was obliged to respond twice to encores. The entertainment may be repeated in the near future, and the young ladies are to be congratulated in lending a helping hand to such a worthy cause as the fresh air fund of Chicago.

BODY OF A MURDERED MAN FOUND NEAR CUMBERLAND.

Oshkosh Strikers Are Becoming Riotous—Fort Atkinson Recruits Start for the Front—Pensions Granted to Residents of Wisconsin—Notes of General Interest.

Cumberland, Wis., June 23.—A skeleton of a man was found yesterday about six miles from this city near the former home of a farmer named Martin Ellason who very suddenly and mysteriously disappeared eight years ago leaving wife and family. Ellason had just sold about a \$700 value of lumber, and returned home from Stillwater, Minn., with the money. He left the city for home one night and was never seen afterwards. The circumstances look suspicious and it is believed here now that he was murdered for his money. The matter will be investigated.

STRIKERS BECOME RIOTOUS.

Oshkosh Woodworkers Assault Non-Union Men Going to Work.

Oshkosh, Wis., June 30.—The striking woodworkers are getting desperate. Last night and night before announcement men on their way home were attacked and beaten, though not severely hurt. This evening as the crew at present employed at Radford's factory wedged its way up Oregon street towards home, it was met by a mob of men and women, who proceeded to bombard them with missiles, mostly eggs, but practically everything except stones. The women were the most active, the men nearly all refraining from doing anything, but abuse the men verbally. One of the latter was pushed or knocked down and all the party were covered with eggs and refuse. There were five policemen present, but they could do nothing to restrain the mob, and suffered equally with the non-union men. The idea of the strikers was to prevent the men from going to work the next day, and in some cases they have succeeded. The attitude of the strikers is more threatening and serious, and there is fear here that some serious acts of violence may occur.

At about 9 o'clock a police and fire alarm came in from Radford's factory. A small blaze, apparently incendiary, was the cause. It was in the lumber yard. Chief Weisbrod declares that if these things continue there is nothing for him to do but call on the governor for a company of militia.

START FOR THE FRONT.

Recruits for Co. B Get an Enthusiastic Send-off.

Fort Atkinson, Wis., June 23.—The twenty-one recruits for Co. B, Wisconsin volunteers, mustered into Uncle Sam's service by Maj. Joachim, were escorted to the train from the armory yesterday by the military band and a large crowd of citizens. The men were in charge of First Lieut. Frederick Glazier and Sergt. Jacob Brandel. Only six are credited to this city, one of them being former First Sergeant William Zwikel who was rejected at Camp Harvey by the medical examiner.

He was overjoyed at being accepted this time. Private David Whitney, who had pneumonia at Camp Harvey and was discharged, was also accepted by the surgeon yesterday. Of the rest, Jefferson sends 5, Milton Junction, 4, Watertown 3, Lake Mills, Milton and Oakland 1 each. Fort Atkinson has been fairly drained of its young men. A similar drain from the country at large would give President McKinley 1,300,000 fighting men.

A bonfire last Saturday evening netted nearly \$100, which was put into Lieutenant Glazier's hands to be expended for the company as needed.

Pensions for Wisconsin People.

Washington, June 23.—Pensions have been granted persons residing in Wisconsin as follows: Original—George E. Catlin, Lake Geneva, \$8; William H. FOR THE STREET.

The Latest Fashion In Out of Door Apparel.

Thin wraps for spring wear appear in various forms, fitted both back and front, tight at the back and loose in front, with jacket effects, with blouse effects and finally in a style between a blouse, cape and jacket. Many different materials are employed, but silk and lace together are preferred, as usual. A short, flat basque cut all in one piece is a frequent feature.

Gigantic cravats of mousseline de sole, tulle, crepe de chine, liberty silk or brussels net are growing in favor. They could hardly grow in size without obscuring the wearer, as when they are used as a finish at the throat of a wrap or jacket the ends fall half way down the skirt.

Many of the spring wraps are void of any pretense of sleeves, even of a capelike character, and have simply a double or triple ruffio or square tabs around the top of the arm. There is a tendency toward

NEW HAT.

cash ends at the back of thin wraps, these ends to be of double faced ribbon or to consist of plaited scarfs of mousseline de sole.

Little ornamental capes are very short and are lavishly trimmed in all sorts of dainty, fluffy ways. They form a pleasing finish for spring costumes and afford a certain degree of protection to the chest and throat. In black they may appropriately accompany any gown.

Crutch fasteners, short and long, are in their glory, being used in the utmost profusion upon fashionable hats and bonnets. An illustration is given which shows to what an extent a style may be carried. The hat is a rather close shape of black straw turned up at the left side and is completely covered with astrakhan plumes in mauve and black, black predominating. The hat is worn with a gown of silver gray cloth trimmed with black, a cluster of violets being fastened at the bosom.

THE TOILET.

A Novel Idea For Jackets—Care of the Complexion.

The newest models of jackets in black velvet or cloth have velvet collars. This in itself is not at all new, but the collars are of velvet of a most decided color—violet or green or old rose. Richly embroidered collars are also a novelty, and embroidered ravers to match are the usual accompaniment.

Instead of tacking sachets in the gown itself, to place them here and there in the closet where clothing is kept is a better way of perfuming attire for women who are addicted to artificial perfumes. Another plan is to cover the wire coat hangers to suspend skirts and bodices with pretty silk under which is perfumed wadding.

The usual envelope shape employed for cases to hold handkerchiefs, veils, etc., is not sufficiently ample to accommodate scarfs, rolls of lace, similar bulky but dainty articles. A new idea is to use a large, round willow basket, stained green or lacquered with gold paint, and lined with silk which incloses a perfumed wad.

VISITING GOWN.

ding. A flounce of silk is placed around the outside of the basket and a large bow decorates the cover.

Cold winds dry and parch the skin, and rice powder alone is not sufficient to protect the complexion. Indeed where the skin has been already roughened powder

rather increases the injury. It therefore is rubbed with glycerin, all that remains on the surface being wiped off, and if the powder be then applied the complexion will retain its smoothness or recover it if it has been lost.

An illustration is given of a visiting gown of hortensta broche silk. The plain skirt has a slight train. The bodice has a yoke and corslet of straw silk embroidered with black and a fan shaped bodice composed of plaited black lace. A torsade of black satin binds the bodice and follows the edge of the yoke over the shoulders and up the back to the neck behind, where there is a black satin bow. Black bows also adorn the shoulders and the point of the corslet in front. The collar is of black satin, the sleeves of hortensta silk. The accompanying toque is of hortensta velvet and is trimmed with white plumes.

THE WARDROBE.

Styles and Materials to Prevail During the Coming Season.

Fancy fabrics covered with elaborate designs are brought out in different styles every season and often become very fashionable for a time, but plain goods never go out of date, whereas fancy weaves

BLACK NET COSTUME.

differ markedly from year to year and soon appear old fashioned. It is therefore wiser for women of moderate income to choose plain fabrics if they wish to seem always abreast with the mode.

Foulard is to be greatly worn during the warm season and is largely seen in deep colors—wine, brown, blue and green—with a more or less conspicuous white figure. The same effects are seen in wool challies. Grenadine challies with satin stripes are a novelty, but they are not so pretty as the ordinary kind, although the delicately tinted floral designs with which they are covered are often very beautiful.

The favor shown to sheer, transparent fabrics has resulted in the production of a number of charming silk grenadines for wear during the coming season. There are a vast number of patterns shown, and the goods are made up over a black or colored lining, with trimmings of spangled tulle.

Today's picture illustrates a costume of black net covered with a design embroidered in black chenille and jet spangles. It is made over a lining of old rose satin, the belt also being of old rose satin. The skirt is finished around the foot by a thin plaiting headed by a band of jet spangles. The neck is cut in a small square, bordered with jet spangled passementerie. The toque, of old rose tulle, is trimmed with coques of black velvet.

REPUBLICAN STATE CONVENTION

Headquarters Republican State Central Committee, Milwaukee, June 16.

To the Republican Electors of Wisconsin: By direction of the State Central Committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee on Wednesday, the 17th day of August, 1898, at 12 o'clock noon, for the purpose of nominating a republican state ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention.

The republican electors of Wisconsin are cordially invited to unite under this call in sending delegates to said state convention. In accordance with resolution recommended by the state convention and formally adopted by the State Central Committee, in electing delegates to the state convention, in counties having more than one assembly district, except Milwaukee county, the unit basis shall be the assembly district, and in such counties delegates shall be elected by assembly district conventions, and the names of the delegates so elected shall be certified to the State Central Committee by the chairman and secretary thereof; in all other cases delegates shall be elected by county conventions.

Under the present basis of representation the several assembly districts in the state are entitled to one delegate for every two hundred and fifty (250) republican votes, or major part thereof, cast at the last preceding presidential election. Special attention is hereby called to the fact that all conventions to elect delegates to the state convention must be called on a notice of not less than four weeks; all town or ward caucuses as primaries to state convention on a notice of not less than ten days, and that notice of the meeting of such convention or caucus shall be sent to the local manner.

As the State Central Committee acts as the Committee on Credentials, it is requested that credentials of delegates elected, duly certified to by chairman and secretary of county or assembly district conventions, be forwarded to the secretary at Republican State Central Committee headquarters in Milwaukee, immediately upon their election: in every case giving the names in full and postoffice address.

EDWIN D. COE, Chairman.

JOHN M. EWING, Secretary.

Rock county will be entitled to 33 delegates, distributed among the assembly districts as follows: First district, 9; Second district, 11; Third district, 13.

NOT BOUGHT BY A PASS

Peter Richards, the editor of the Lodi Valley News, speaks of the pass matter as follows: "We have traveled on passes and mileage books received in return for advertising, for many years and yet we do not feel that we are guilty of any wrong or that we are under any obligation whatsoever to aid for abet any corporation in any act or policy that tends to the injury of the state of the people of Wisconsin or any other state. We do not feel under any obligation to take sides with them in any quarrel or lawsuit, or in any other transaction that is not in our opinion, right and proper, or that looks like defrauding the state or any individual citizen of the state. We are under no obligation to do wrong in the interest of the railway company simply because we are the holder of an annual or any other pass over any particular road. If we were a member of the legislature (which we never expect to be) or the incumbent of any political office (which we never expect), we should have the same desire to see right triumph over wrong as if we had received no courtesies at the hands of the corporation. If the corporation was in the right, or was threatened with any wrong we should stand by and defend it to the best of our ability; and if it were guilty of any wrong, or seeking exemption from any obligation properly pertaining to it, we should vote against it, the fact of the pass having no influence on our action. So the outcry against passes, 'franks, etc., finds little sympathy in our ears."

Some of the soreheads who criticize Congressman Cooper, are opposed to the annexation of Hawaii, which is one of the president's cherished desires. They do not seem to think that this fact makes them the "enemies of the president," although they criticize Congressman Cooper because of his "war record." The able congressman's "war record," however, is not open to criticism, as he voted for the good of the administration on every opportunity. More than that, he has always been President McKinley's warm friend, and has always worked for and supported him enthusiastically—which fact the president well knows and fully appreciates.

If Lord Beresford's advice is followed, England will next year appropriate £75,000,000 to build twenty-one battle-ships, twenty-four armored cruisers, fifty torpedo boat destroyers and eight steam colliers.

Ex-Governor Hoard says: "Mr. LaFollette's machine believes in organization for all just and patriotic purposes," such as bolting the ticket and accomplishing republican defeat, for instance.

Lieutenant Hobson is said to smoke cigarettes. If this is the case, Uncle

coin's proposed plan and "get some for the other officers."

A few years ago Ex-Governor Hoard was the "cow candidate." Now, however, he is the "calf candidate"—and bleats most piteously for the public test.

The dynamite cruiser Vesuvius has demonstrated her worth and more ships of that character are likely to be built.

AHEAD AS USUAL.

The Janesville Gazette was the only newspaper in the northwest to chronicle the safe landing of Gen. Shafter's troops in Cuba on Wednesday. None of the Chicago or Milwaukee evening papers contained the news, and readers of The Gazette were fully posted several hours before those who depend upon the newspapers of other cities for intelligence of current events.

GUERNSEY'S GUN EXPLODED

Young Man Seriously Injured While Hunting at Mount Zion

Yesterday forenoon James Guernsey of Mount Zion, aged 17, met with a painful accident while shooting birds near his home. By some mischance his gun exploded, the barrel being split the greater part of its length. The explosion cut a gash in the young man's face about two inches long and also cut the first finger of the left hand off at the first joint as slick as though it had been done with a knife. Dr. E. F. Woo's was called from this city and dressed the young man's wounds. The injuries are not regarded as dangerous.

Lost, about one mile east of Janesville, on June 9, a fox terrier, brown head, three black spots on white body; black stub tail. Ten dollars will be paid for the return of the dog. No questions asked. Joseph Bundy, Emerald Grove, Wis.

LATE NEWS BY TELEGRAPH

KEPT DEWEY FROM MANILA.

Serious Action Taken by the German Consul.

FOREIGN SAILORS LANDED.

Admiral Von Diederichs Takes Command and May Not Step Aside for the American Forces—Latin Republics to Hold a Conference.

London, June 23.—The Daily News publishes a statement, alleged to come from a correspondent having access to good information, that the occupation of Manila by parts of the crews of the foreign warships there is an accomplished fact, although it may probably be three or four days before the official news arrives by way of Hongkong.

The communication proceeds to say: "Over a month ago Admiral Dewey proposed to bombard Manila. At this juncture, however, a new factor was added to the situation. The German consul, acting on precise instructions which had just arrived by the German warship Irene, strongly opposed a bombardment. These instructions were clear and categorical and emanated directly from Emperor William's cabinet.

Appeal to Foreign Warships. "It was then that Admiral Dewey asked for reinforcements and supplied Aguinaldo with arms. While Germany gathered a naval force the intention at Berlin was, if not to take possession of Manila, at least to co-operate in the landing. Admiral Dewey's force not being sufficient to protect German interests. Capt. Gen. Augusti had on his part informed his government of the situation, and several interviews took place at Madrid with the German ambassador, the result being that it was decided Capt. Gen. Augusti should appeal to the foreign warships at Manila, excluding the American, to protect the lives and property of the inhabitants against the insurgents.

"It was an indirect way of capitulating while sparing Spanish amour propre. There is no doubt that Admiral von Diederichs has taken command of the forces landed, although he has not taken possession in behalf of Germany. But will he when the American reinforcements arrive be willing to allow his forces to re-embark? The whole question lies there?

Anxiety of the Germans. The Berlin correspondent of the Times, commenting on the continual discussion of the Philippines question, says:

"There would be a storm of indignation in the German press if the United States were to become master of the Philippines while Germany got nothing. In the view of many German politicians anything would be better than that, and they would even prefer to see the intervention of several European powers to protect the life and property of their subjects from the rebels, followed by the acquisition of a naval station for each of them.

"There is, in fact, a strong inclination to repeat the Chinese drama at Kiaochow wherever an opportunity is offered. Relatively to what Germany already possesses she has everything to gain by such a policy of fair shares all around.

"There can, however, be little doubt that no European power or combination of powers would venture to prevent the United States and Great Britain from settling the future of the Philippines jointly, or, at least, under their conjoint naval forces. Continental opinion would not only speedily acknowledge the strength of an Anglo-American naval alliance, but would be practically unanimous against incurring the risks of the commercial consequences of a breach with the United States."

Latin Republics to Confer.

The Madrid correspondent of the Daily Mail says:

"Reliable information has been received in diplomatic circles here from South America that preliminary steps are being taken to summon a conference of all South and Central American republics to consider the advisability of adopting defensive measures against future aggression by the United States.

"The Hispano-American republics see danger in the prospect that the moment the United States has effected its purpose in Cuba it will seek to extend its influence and authority over the Spanish-speaking republics. In countries so subject to revolutionary outbreaks it would be an easy task for the United States to foment insurrectionary movements—as the Spaniards claim has been done in Cuba—with the object of finally intervening and absorbing these states individually or placing them under its protection."

No Policy as to the Philippines.

London, June 23.—The Washington correspondent of the Daily Mail, on the authority of a prominent member of the cabinet, says: "The government has not yet formulated a definite policy as to the Philippines and Porto Rico, but, while indisposed to retain the Philippines, it will not allow them again to be subject to Spanish rule. If the independence of the Philippines proves a failure the islands perhaps might be sold, preferably to Great Britain. Puerto Rico might be permanently retained owing to its proximity to the

Douglas Camara Has Returned.

London, June 23.—A dispatch to the Daily News from Gibraltar predicts that Admiral Camara's squadron is bound for the Canary Islands. It declares that the rumors that the squadron has returned to Cadiz are baseless. It could not return there without creating riots in that city and Madrid, particularly as the admiral said at the farewell banquet given to him that he would never return until his flag had been steeped in American blood.

ANNEXATION MEN RESOLUTE.

Intend to Resist Any Plan to Postpone Hawaiian Question.

Washington, June 23.—The anti-annexationists in the senate privately suggested to the advocates of the Hawaiian resolution now before the senate that the most practical method of disposing of the question was an agreement upon a time next session to vote, but while the proposition has not been formally declined the leading supporters of the resolution say they will not consider it seriously. They say they are having no difficulty in maintaining a quorum, and they expect to be able to keep their men here to the end, and that there is therefore no reason for postponing the matter until next December.

Opponents of the annexation of Hawaii again occupied the attention of the senate Wednesday. Mr. White (Dem., Cal.) resumed his speech.

A bill incorporating the national congress of mothers was passed by the house.

IN THE ENEMY'S COUNTRY.

Successful Invasion of Cuba by Our Soldiers.

SECRETARY ALGER SATISFIED.

Shells from the Warships Distract the Attention of the Spaniards While the Americans Advance—One Man Killed on the Texas.

Off Balquidri, June 23 (via Guantanamo).—Five thousand American troops have been landed near the village of Juragua, which is only six miles distant. The Spaniards were bombarded by the New Orleans, Machias, Detroit, Suwanee and Wasp, and our flag is now flying. There was no resistance by the enemy.

The landing began at 9:30 a. m., the Eighth Infantry being the first to go ashore. The rapid-fire guns cleared the hills and the Cuban cavalry came in by the back way and joined us. As the small boats carried the troops from the transports there was great cheering, the bands playing lively airs.

The Massachusetts volunteers landed at 11:30. The sea was calm and the sky was clear. There were no exciting incidents. A camp has been established and the men and women from Juragua come to us and say they are glad we are here.

Washington, June 23.—Official dispatches received by both Secretary Alger and Secretary Long indicated that the landing of troops near Santiago was progressing most favorably. The first landing was effected at Balquidri Wednesday morning and met comparatively slight resistance. This was stated in a dispatch received by Secretary Alger which, though brief, was full of news and meaning. It follows:

"Playa del Este, June 22.—Secretary of War, Washington: Off Balquidri, Cuba, June 22.—Landing at Balquidri this morning successful. Very little if any resistance. SHAFER."

Secretary Alger expressed himself as delighted at the expedition with which the landing of the troops was being effected and with the fact that no serious obstacle was being offered by the enemy. He construed the text of Gen. Shafter's message to mean that the enemy had made merely a nominal and ineffective resistance by firing from the hills at long range.

Shortly after Secretary Alger received his dispatch Secretary Long received a more extended cablegram from Admiral Sampson. It, too, was dated at Playa del Este. The text of the dispatch translated from the navy department cipher is as follows:

"Landing of the army is progressing favorably at Balquidri. There is very little if any resistance. The New Orleans, Detroit, Castine, Wasp and Suwanee shelled vicinity before landing. We made a demonstration at Canabanas to engage the attention of the enemy. The Texas engaged the west battery for some hours. She had one man killed. Ten submarine mines have been recovered from the channel of Guantanamo. Communication by telegraph has been established at Guantanamo. SAMPSON."

In both army and navy circles the information contained in the dispatches of Gen. Shafter and Admiral Sampson was received with intense satisfaction. The landing of so large a body of troops as Gen. Shafter at present has under his command is a task of immense proportions. A prominent official of the war department said that the complete debarkation of the troops, animals, field guns and supplies within a week after their arrival off the Cuban coast would be a task well accomplished. It is probable, in the opinion of the officer referred to, that only a partial landing of the troops was effected Wednesday, and that the landing will be continued from day to day until completed. It is not unlikely, too, that the troops will be landed at several places along the coast, of course within a short distance of the headquarters which Gen. Shafter will establish for himself.

'Located for the Summer. Chattanooga, Tenn., June 23.—Gen. Michael V. Sheridan, the adjutant of this post, says the Illinois men and all the others here are located for the summer. The plan is to make the Chickamauga army as capable as if its regiments had been taken from the regulars. It is destined to face the massed lines of Blanco before Havana if the war should last until September.

Six Ships to Sail for Manila. San Francisco, Cal., June 23.—Six ships will sail in the third Manila expedition, which will leave here next Monday afternoon. Gens. Merritt and Otis held a conference, and it was decided that Otis should remain here in charge of all troops and proceed to Manila with the last expedition.

Spaniards to Be Sent Home. Washington, June 23.—The attorney general has decided to surrender to the ambassadors of France and Austria, as the diplomatic representatives of Spain, the non-combatants and crews of the prize merchant vessels captured by ships of our navy since the declaration of war.

No Attempt on Blanco's Life. Havana, June 23.—There is absolutely no foundation for the report published in the United States of an attempt to assassinate Capt.-Gen. Blanco by a member of the volunteers whose brother it was alleged had been shot for complicity in a plot against the government.

Neither do we reserve any of our best makes from this sweeping offer. You can come into our store Saturday and select any Shoe. It won't be necessary to ask the price---just lay down \$2.50 and carry away the footwear. Included in the lot are the finest Patent Leathers, Vici Kids, Tans, Willow Calf, Etc., Etc.
